

LOVE SONGS ***LOVE LESSONS***
A KEYNOTE PERFORMANCE

How many times have you heard a love song and you're transported right back to that moment in time? Whether it's a happy, sad or bittersweet memory, the truth is that before any of us ever speak to a friend, a bartender or let's face it a relationship coach about love, we use love songs as self-prescribed therapy.

Performing songs we all know and love in an edutaining keynote and live band performance, Ryeal The Relationship Coach will share the subconscious lessons we've all been singing and learning and should apply to our daily love lives.

If you are interested in attending a performance of or booking Relationship Coach Ryeal to present ***LOVE SONGS LOVE LESSONS*** for your organization or conference, call Monice Simms, the Director of Business Development at 323.571.3808.
